PRIVACY GUIDE

ZT Doors offers an extensive line of glass options to choose from and the degree of opacity varies considerably. With each design, we have included a number which represents the “Privacy Level” for that product. Please refer to the guide below.

Note: This guide is subjective. It should only be used when comparing our glass designs.

PRIVACY	1	2	3	4	5	6	7	8	9	10
	Completely Clear			Diffused/Distorted			Completely Opaque			
	Objects can be clearly seen through the glass from the opposite side.			Objects are distorted, but can still be detected from the opposite side.			Only light will travel through from the opposite side.			

DESIGN IDEAS

COASTAL

The Coastal home style is relaxing, light, and breezy. Its open design and lighter tones mirror the natural beauty of the shoreline.

Available in the following sizes:

Large (L)- 10-1/4"W X 15-3/4"H flap

Medium (M)- 6-5/8"W X 11-1/4"H flap

SECURE - The reinforced security panel locks from the inside of the home to keep intruders out.

SIMPLE - It swings easily on lift-off hinges and locks with a single turn of the handle. A 3M magnetic catch holds the panel open when not in use.

SUSTAINABLE - Made partly from recycled materials, this system uses polyurethane foam insulation, an insulated tri-panel pet flap, and weather seals to keep to cool air in and the elements out.

AVAILABILITY GUIDE

This availability guide can be used to determine if the door system you want can be built in the Width you need as recommended for various regional Florida building standards. Our selection of Impact product meets or exceeds both the impact and structural standards in the state's Wind Borne Debris region. Our selection of Non-impact product meets the structural standards for that region, but does not qualify for the impact standards. Our Non-impact systems can be used in that region with an approved shutter system, or they can be used outside of the that region without one (no systems in this catalog currently qualify for HVHZ region standards).

Each row indicates one combination of Design, Height, Slab/ Glazing Build, Configuration and Skin Type Options. You will be able to see what Unit Widths are available for that combination off to the right. All the Impact product on each catalog page is listed first, then the Non-impact follows after it.

Please provide the Unit Code Prefix for your selection when placing your order.
